Portfolio: darsh-dev.vercel.app

PROFILE

Final-year Computer Science Engineering student interested in Java development, software development, and web technologies. Have basic knowledge of programming and experience exploring application development through personal projects and AI-assisted development tools. Familiar with GitHub and basic deployment workflows. Seeking an internship or entry-level opportunity to learn new technologies, improve practical skills, and contribute to real-world projects.

TECHNICAL SKILLS

Programming Languages: Java, Python, C, C++ (basic knowledge)

Web Technologies: HTML, CSS, JavaScript (basic knowledge)

Database: MySQL, Neon PostgreSQL (familiar)

Development Tools: GitHub, VS Code, Android Studio (basic familiarity)

AI & Development: Prompt Engineering, AI-Assisted Development

Deployment & Hosting: Vercel, Render (basic experience)

INTERNSHIP EXPERIENCE

DATA ANALYSIS AND MACHINE LEARNING INTERN | NIELIT

12 September 2022 – 23 September 2022

Completed a two-week internship focused on Python programming, data analysis, machine learning fundamentals, and data visualization.

PROJECTS

MediFlow — Healthcare Management Platform | Live Website

A healthcare management web application designed to connect patients, doctors, hospitals, and administrators. Includes workflows for appointments, onboarding, and profile management.

ClipCheck — AI-Powered Fact-Checking Platform | Live Website

A web application that analyzes video links or text, identifies factual claims, checks them against available web sources, and presents results in a structured report.

EDUCATION

B.Tech in Computer Science Engineering

Uka Tarsadia University, Bardoli, Gujarat | 2024 – Present

Diploma in Computer Engineering

Government Polytechnic, Daman | 2021 – 2024 | CGPA: 7.89

Secondary School Certificate

Holy Trinity Secondary and Higher Secondary School, Daman | Passed 2020
